KEEPING IN TOUCH, DECEMBER 2017...

Dear Friends,

Mark 16:15, *“And he said unto them, Go ye into all the world, and preach the gospel to every creature.”*

Well, North Bend, Washington, a city of some 7,000 population, just 5 or 10 minutes from where we live, would certainly be part of “all the world.” We are presently “blitzing,” placing church invitations with the plan of salvation, on the doors of the various subdivisions in this city. About two months ago we were pleasantly surprised when a couple came into church and sat down beside us. They didn’t know us but they found one of the invitations on their door and they have been coming quite faithfully for about two months. In chatting with them it turns out she is from a Basque heritage! Last Sunday they brought another couple who lives in our city, Snoqualmie.

We will see what the Lord has in this. The population is about 7,000 and I have blitzed 534 homes there.

We continue to love our church very much. This Sunday we begin a Sunday through Wednesday revival with blind evangelist Charles Eliot.

Snoqualmie Falls is a local tourist attraction, twice as high but very narrow, then Niagara Falls. We have an ongoing contact who had lost consciousness while we were chatting on a bridge before the Falls. He over did the Vodka stuff he had in his hand. When I saw him again he could not remember anything from the night before when we had to call the ambulance and have him taken to the hospital! He found out from me what happened and was just a little embarrassed! Gave him a good salvation tract and praying that he will read it and respond.

We’ve had our first light snow, earlier than usual in the year. We trust the Lord will give you a wonderful Christmas Season, snow or not. We are hoping for very little of that white stuff.

Sincerely in Christ,

Al & Helga Bonikowsky
