

The Peeler Family

Maintenance for Missions, Ministries and Local Churches

October 2005

Dear Friends,

“O give thanks unto the LORD; call upon his name: make known his deeds among the people.”
Psalm 105:1.

The Lord has done many things in the past month that should be “made known among his people”. The past few weeks have been a whirlwind of activity but God has given us the strength we needed to get everything accomplished. We spent all of September except the last week in Georgia. One church is in need of help in their camp ministry. We will be going there later this year to help out. We also helped another church install a new heat pump in their mission house. The church had received an estimate of \$8000.00 to install a unit and build the ductwork. We were able to save this church about 60% of the cost. Praise the Lord! This pastor invited me to a preacher’s fellowship where I was able to present my work to several pastor’s. God has given me three new meetings through this.

Our next stop was in West Virginia. We presented our ministry on Sunday morning and I preached on serving the Lord in any way He chooses for you. I am thankful for the decisions that were made at that service. On Monday we went right to work installing new lighting fixtures and wiring in the sanctuary. It is so good to be able to help out these smaller churches. Please pray that more churches will be started here in America. If missionaries are going to reach the world, we must have a strong home base. We are definitely a needy nation.

Please remember our ongoing needs: 1)New supporting churches 2)Travel safety 3)Ministry opportunities 4)Unspoken requests. We have two praises! A church we visited in Georgia told us they will be supporting us and a family is now supporting us as a special mission outreach! God is working in the hearts of His people and we thank Him for His provision. Thank you for your cards, letters, e-mails and most of all your prayers. May God bless you with His presence.

In His Service,

Jack and Melinda
