September 2009

Dear Praying Friends,

These last two months have been a beehive of activity. We really did hit the ground running. We built a bath house for a youth camp in Georgia. There was only time to put the shell up and dry it in so we hope to get back there and do the plumbing installation later.

Please continue to pray for Emmanuel in Ghana. He is the young man that we worked with there. He is now in Bible school in Takoradi, Ghana. Brother Morgan tells us that Emmanuel is doing well and is a hard worker. We have also talked with Isaac. He also was a worker there and he is in school in Kumasi to study medicine. Both of these men hope to work in the villages spreading the gospel.

Brother Walker has told us that things are going well there in the church and they are enjoying having water in the house now. The new teacher for the school has arrived and said she just loves the apartment that we finished for her. She said she never expected such a nice place to live. It is good to know that we have helped their ministry.

Praise: Emmanuel and Isaac are in school

Prayer Requests:

1. Funds for Emmanuel and Isaac in school
2. Unsaved friends and family
3. Travel safety
4. Funds to replace the tools we left in Africa

We appreciate all of you and pray for you. Thank you for praying for us and supporting us financially.

In His Service,

Jack & Melinda
