“Then tidings of these things
came unto the ears of the
church...”
Acts 11:22-23

*Our sincere thanks go out to
you for faithfully praying, co-
laboring tirelessly, and giving
sacrificially. Thank You!*

*Missionaries are sometimes fighting against time getting prayer-
letters written up and sent out. Especially when prayer is needed
for urgent issues. Whether spiritual, economic, or political we need
and appreciate your help. What a blessing Jeremiah 29:11 is to us!*

Please ask God to use this troubling time in Peru. (Sept. 30, 2019) The President of Peru has dissolved Congress. The days that follow are crucial to stabilize and direct the country in a new course. May God bless Peru with a soul searching response. May it be a tool we can build ministry around. May the foundation be Bible based and prayer lead. The nations of the world are powder kegs.
The King is coming! Daniel 7:13-14

WEDNESDAY, OCT. 2 update from Peru: The sitting President remains in office. The Vice-President admitted she made a grave error trying to usurp the office by claiming the presidency herself. She resigned yesterday and asked for the citizens to consider a special election. However, the regular elections are due in January 2020 so there's little chance of an early election. Therefore, the sitting president governs unopposed. That's good or bad depending on his political agenda. He claims he will not run for re-election in January. (Details as obtained.)

Since the Socialist-majority congress is the one he revoked their chairs from, I presume he is not tied-in with the Socialists. His agenda appears to be in line with Capitalistic reforms, which have already made Peru a robust economy; and consequently, given the populace a reason to endorse him. He is carrying an approval rating of 50% or more (some reports say over 80% approval). I'm sure this political scenario could be repeated elsewhere.

Updates on the previous Prayer Letter:

The automatic transmission has been rebuilt and is working well. I took a Peruvian brother-in-Christ to the district of Antioquia with me last week who has working knowledge of such things; but that's not the only reason I took him. Antonio was the bus driver for the 2014 missions team that helped open the area for the gospel to preached. He was thrilled to visit and is eager to help us reach them!

I am still without the Residency Card replacement since my wallet was stolen. The bank I use in Peru cannot allow me to access my funds without it. I have received, and am using my State-side bank cards as long as the cashier does not ask for identification. Somehow, I'm glad about that.

Our daughter Rebekah will have neurosurgery on Oct. 17th to remove a tumor on her pituitary gland. They will also be monitoring a tumor which they found in another area.
