# NEWLIFE *In* Peru

WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS  
SENT BY: FAITH BAPTIST CHURCH .....TAYLORS, SC .

*"...that God would open unto us a door of utterance..."*

*Romans 15:9*

*"And that the Gentiles might glorify God for his mercy; as it is written, For this cause I will confess to thee among the Gentiles, and sing unto thy name."*

**A sincere THANK YOU is sent to you with each update. We need your service of prayer and financial support .**

*"God is seeking worshipers."  
Salvation is the means,  
Church planting is the method.*

In the last prayer letter, several simultaneous events were transpiring. I mentioned that some of my previous Bible students were contacting me. One graduate had her brother asking her some difficult questions she needed help with. Another former student wrote to me on social media asking me to lead him to the Lord. A small group of friends formed an extension outreach to share the gospel in impoverished areas. Some in the group are current students. Others, a graduate, and a previous student that transferred out to a different school a few years ago are following the example of Angelo Salvador. We are seeing fruit mature and abound into more fruit from seeds that were planted and nurtured for many years. We are still able to communicate with about 50 of those that would be in attendance at the four-year old church in Jesus Maria. Our labor is not in vain in the Lord! Praise God, for He alone gives the increase. The faithfulness of your prayer and financial support truly is - priceless. May God add it to your account: Philippians 4:17.

### *Rose Marie's Greetings from Sol de La Molina Peru*

I will always remember 2020 as the year the whole world went crazy! Where has all the time gone? It seems like just yesterday we were at LMCS busy with preparation as we anticipated the opening of a new school year and already the first semester is over. The teachers and staff were all sent home two days before President Vizcarra actually made the official announcement for the nation wide mandatory lockdown.

Watching a spider cast the first lines of her construction for a web hanging from the light fixture, Kris and I sit captivated by its God-given abilities to build such a web. When has there been such an abundance of time to reflect on the smallest details of God's creation? Whether in a barn-loft or in a kings palace the spider looks for an opportune spot to build a web with the intentional

design meant to capture its prey. Later on, we equate the intricate weaving of the stings in the spiders web as a representation to the moments, hours, days, weeks, and now months that seem to be running together for us like a spiders web. And as we sit mindful of our present captivity, we are left wondering if and when we will be permitted an opportune way of escape.

**Proverbs 30:28 "The spider taketh hold with her hands, and is in the kings' palaces."**

The pandemic has effected all of mankind worldwide, the wealthy as well as the destitute. Although the spiders web can be easily destroyed she cannot be dissuaded and sets off to work diligently constructing another. The spider does not "waste a crisis". JM Psalm 55:16-17

Despite the confinement God is using this time to grow me and change me. Knowing the truth of the gospel offers an absolute sense of security in a world that offers false hope. C.H.Spurgeon said,

**“He who believes what he knows, shall soon know more clearly what he believes”**

The daily routine of teaching scheduled Bible classes for the secondary students at LMCS keeps Kris busy throughout the week. We are thankful that God has provided a way to stay connected with these precious students through google classroom. We continually ask God for opportunities to minister to those inside and outside our community.

We are not yet allowed to meet publicly for church services. We connect with our Church, **Iglesia Bautista Gracia** for Sunday service through Facebook video and Zoom for our weekly Bible study and prayer groups. Reaching-out to others whether in person or by phone helps keep us connected to the communities of people we love. During this lockdown we have also enjoyed tuning-in to Church services and Missions conferences stateside in English!

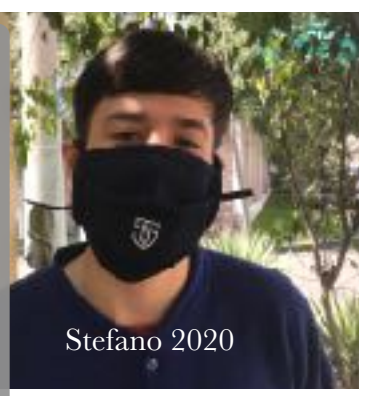

Occasionally, destitute people from our surrounding communities will ring our doorbell asking for food and clothing. We try to keep bags filled to meet the basic food essentials for survival. As the grocery bags of food pass from our hands to theirs, we are given opportunity to share the truth of the gospel. While some are clearly only interested in subsidies to meet their physical needs, others are open to the gospel. This is what ministry is all about. Despite their intentions, God brings them to our door and we love them because Christ loves us.

Kris has had some great opportunities open up for ministry to a community through his car mechanic. Also, as Kris teaches his students at LMCS, our prayer has been that the students would apply what is taught in Bible class in a very practical sense. At the conclusion of their first trip, Kris asked his students to describe in English what the experience was like. **Please watch the short video attachment.** It's such a blessing to see God at work through these young men.

It is our desire for Biblical truths to advance from the head, to the heart, to the hands, to the glory of God.

**Before sending this out, I added two more fun “Ministry opportunity” photos from yesterday, July 30!**

Updating prayer requests:
