Prayer and Praise

Pray for continued meetings and a full schedule to present our burden in churches

Pray for our support level to increase

Praise for God's wonderful protection and provision

Praise for wonderful meetings in NC, SC, AL, VA, and PA

Praise for seventeen years of marriage

Protecting Hand

In the last two months we have traveled almost 4,500 miles through eight states. God has continued to give us safety time and time again, and we know that your prayers have gone a long way in making it so. One trip started with a flat tire in our driveway, but we praise the Lord it happened then instead of later in the trip where it would have taken much more time and have been a much bigger problem. On one occasion, I was driving the girls in town and someone ran into the back of us. No one was hurt which could easily be derived from the first words out of Kierra's mouth after it happened, "Daddy, that was fun; let's do it again". We also had an 18-wheeler and another truck blow out tires on separate occasions while driving directly in front of us. While we were pulling the trailer, the driver of the car in front of us slammed on the brakes. I, in turn, slammed on brakes, but with all the weight of the trailer could not stop in time. By the Lord's design the shoulder not only had enough room, but was free of mailboxes, signs, ditches, etc... We had to swerve around on the shoulder but everyone was fine because of God's protection.

Provision from God

Thank you for praying for our trip to Pennsylvania. We were able to break the trip up with stops in Virginia. The trip went very well and we were able to share our burden in five different churches over the two-weeks and God faithfully used His people to meet our needs many times above and beyond. On Wednesday, we decided to come home after the evening service instead of waiting until the next day. I noticed the Suburban was leaking fluid around 11:30 pm while we were still over two hours from home. God allowed us to make it the rest of the way home without overheating even while pulling the trailer. On Thursday I took the Suburban to the mechanic who told me I was VERY "lucky" to have made it home, but of course we know it was not luck, but the LORD! The problem ended up being the water pump, and the cost to replace it was almost \$400. Amazingly, the church we had just come from that had only six people in attendance not including our family had given us a very generous love offering of over \$500. God continues to graciously take care of all our needs.

Praising in Heaven

According to Luke 15:10, when one sinner comes to repentance, heaven and its angels stop to rejoice. Last month I had the privilege of being able to preach in a jail service in Orangeburg, SC. Despite the possibility of being turned away for not having the required ID, God worked it out that we not only were able to get in without any trouble, but we had a very big turnout that night, almost twice what was normal. The Lord blessed and to His glory there were around 15 professions of faith made that night in the jail. Please pray for Brother Sonny Bochette as he faithfully goes there each week to have wisdom as he seeks to disciple and train these new converts.

Because of Christ,

The Boylstons
