We have now had our first visitor, my mom, from the States. Thank you for all those that prayed for her as she traveled the long journey here and then back. The Lord granted her safety and health. Due to some cancellations because of fog, her trip had a rough beginning, but the Lord worked some miracles to allow her to get the flights and connections she needed. A pilot even agreed to open the plane doors to allow her to board after they had already been closed. She had a wonderful time visiting, seeing some of the sights, tasting new foods, and, of course, reuniting with her grandchildren.

Many of you also prayed for us during our bout with boils. We are thankful that after having them for seven weeks, and Christa having them for around five weeks, they finally have gone away.

Praise the Lord, a couple of weeks ago we had the joy of witnessing as three believers obediently followed the Lord in believer's baptism on that day. The spiritual growth in one of the men that was baptized has been a real encouragement to us.

Grandma Boylston and the grandchildren

I would like to introduce you to another man of the church that has been a huge blessing to us since our coming. He is very faithful to church and to its ministries. He also is the song leader for the church, is a driver for the church van, and is a great example for his Christian peers and family to follow. He wife also is highly faithful and involved in the church. She works at the Baptist Christian school as a teacher. Currently they both take taxis back and forth to work. They have been saving for a car since before we arrived here on Pohnpei, but at around \$1.50 an hour it takes a long time to save up for the expense of a car. We feel led of the Lord to help them out, but can't afford the whole purchase

price of a car. I would ask that you might pray about helping them out by giving to this need. I know it will be a huge blessing to them, and that they would also use it for the Lord's glory.

We pray for you all regularly and thank you for your faithful support of our family and work.
