Nikki's Notes

Introducing Gideon "Josiah" Brown! Josiah was born January 12th weighing 7 lbs and 12 oz. He was 21 inches long. We are thankful the Lord gave a safe and healthy delivery. We had the privilege of having Mrs. Collier (pictured on the right) deliver all 3 of our boys born in America. She has kept up with us since the beginning of our time in Cambodia and has always offered an encouraging word. It's a blessing to have Christians in the medical field! We are so thankful for this new little one the Lord has given us and are enjoying our time with him.

Faithful Friends, Family, and Supporters,

One of our goals for this current medical furlough was the birth of our 5th child. Thank God, Josiah was born without complication on January 12th. The other main goal was to try to get some help for the debilitating health problems that Nikki has experienced since our return to Cambodia in early 2019. She will be beginning a new treatment in the next couple of weeks. Please pray that the Lord will heal her and that this treatment might be a part of that healing.

Last month, the opportunity opened up for me to teach in our home church's Wednesday night Bible institute. I am teaching a ten week course on missions. It's a wonderful chance to share Biblical truth as well as some of our personal experience from the mission field. Pray that this will be helpful and encouraging to our church family.

Please be in prayer for our preparations for our return to Cambodia. First of all, we need quick turnaround on baby Josiah's birth certificate and passport. Secondly, travel regulations have gotten stricter for Cambodia, so we will need to get a visa for him here in the US before we travel. Other families have done this, so we are confident we'll be able to get the visa, but due to the visa situation of the rest of the family, it would be best to get this visa before June. Of course, we'd love to get back over before that! Please pray that the Lord's timing will be made known.
