Dear friends,

Our God is so wonderful to us each and every day! It has been so good to be able to visit and fellowship with so many different churches over the past month. Although we have not had many scheduled meetings for the beginning of the year, we have visited many churches unannounced who in general have received us warmly. God has continued to provide for us and surprise us along the way with unexpected blessings.

We praise the Lord for the opportunity that was extended to us this past week (March 9-12) to participation in the Alamance Baptist Missions Conference hosted at New Hope Baptist Church in Burlington, N.C. We were not only encouraged by the preaching of the Word, but we were also given two opportunities during the week to present our burden for the people of Mexico. As a result of the meeting, we have been asked by some pastors to soon visit their churches as well.

Please, continue to pray that God will continue to open doors for us throughout the coming months and that we will make good use of our time serving God and others. We are scheduled to go to Pigeon Forge, T.N. this month for a missionary training conference with World Wide. Hopefully, we will be quick to catch on to all the little details that we need to learn for our record keeping, presentations, etc.

We also ask that you continue to pray for health and safety for Brittany and the baby as the time of delivery approaches. Her due date has now come and gone and with each passing day she becomes a little more anxious to deliver the baby.

Thank you for all of your prayers and support.

In His Service,

Fred Daniel, III
