**Praises:**

- Praise God for continually meeting our needs.
- We are very glad to have many scheduled meetings for this Spring.

**Prayer Requests:**

- Please, pray for continued safety as we are traveling.
- We ask that you pray that we'll be able to raise the majority of the support that we need in this new year.

Well, in the past months we have remained very busy presenting the burden that the Lord has given us for the people of Mexico. We have been in churches as far North as Maine and Minnesota, but only as far

South as South Carolina.

It would seem like the winter months would be better spent in southern states, right? God has been very good to us through the brethren in the colder regions though.

With the new churches that have taken us on for support we now have twenty percent of our needed support, and there are yet others that have told us that they will partner with us soon.

God is in control of our situation, and He knows when it would be best to move. He is the One to Whom we look to for direction. If the Lord is willing, we would love to be able to move to Mexico this time next year, and that is what we will aim for. Who knows what this new year has in store? Would you pray with us about that goal?

As you might guess, we are eager to go but, we want to do our best to serve God while we are still here in the United States on deputation. So many people here still need to

hear about Jesus' offer of salvation.

We are very thankful to have you and other believers working together with us to reach people for Christ. Let us do our best to reach out with the Gospel to the lost this year. May we strive to make this our best year of service to our King that we have ever had.

Presently I am very excited about a quick trip some of us will be making to Mexico in January. It is always encouraging to be able to spend time among the brethren ... even if they don't speak your native language. Can you think of a more wonderful thing than the fellowship that God has given us with Himself and other believers?

**Family Fun** Ashlyn didn't know what to think of these "dogs" in Sumpter, SC.

**Did you know?**

Although this may not look familiar, you have probably seen similar messages over church doors before. It reminds you not to leave your Christianity at the door as you go out into the world.
