# Daniel Family Update

*January & February 2011*

**Praises:**

- We are thankful for the safe trip to Mexico in January.
- Praise God for continually meeting our needs.
- We are very glad to have a many scheduled meetings for this Spring.

**Prayer Requests:**

- Please, keep Mexico in your prayers due to the continued violence there.
- Please, pray for continued safety as we are traveling.
- We ask that you pray that, if the Lord is willing, we'll be able to raise the majority of our needed support in 2011.

*Well, it has been a pleasure to be able to meet so many other believers this past couple of months as we have traveled from church to church, sharing our burden for the salvation of the people of Mexico. Several other churches have told us that they will take us on which should put our support level near thirty percent.*

*Besides the regular meetings with churches it was very nice to be able to spend a little time in January with the Shaws in Mexico. Also we have had a very encouraging time recently when we were able to be at our home church while Evangelist Chuck Kempf was preaching a week of revival services.*

*Yet another blessing for us has been that when we haven't had scheduled meetings, Evangelist Byron Foxx has been helping us by introducing us to other churches. Some of the churches that he has introduced us to have scheduled us to come back to present the ministry to them at a later date.*

**Family Fun:**

Freddie is getting with the program now. In this recent picture he can be seen sporting his first suit. He will be turning one year old this month and Ashlyn will have be turning two.

**Did you know?**

Over 34,600 people have died in Mexico due to drug related fighting in the past four years. When compared to the death toll of now over 7,100 coalition deaths in the wars in Iraq and Afghanistan combined, you see that in reality many Mexicans are living in a war zone themselves.

*Please, pray that we will be an encouragement in those upcoming meetings.*

*The friendship and help of so many people has reminded me that one area where the redeemed must work hard together is in reaching lost souls for Christ. The Bible says that one sows and another reaps. Spreading the Gospel to the world is one of our primary goals as Christians. There are so many people around us that are dragging through their daily routines without hope or purpose, spiritually dead. Aren't you glad that you can offer them hope in Christ?*

*I am afraid that many times people think of serving the Lord as a burden rather than a privilege, but Jesus said in John 4:34, "My meat is to do the will of him that sent me, and to finish his work." Instead of presenting the ministry of reaching out to unsaved souls as work, Jesus spoke of it as what sustained Him! Is that what you consider to be uplifting or sustaining in life? May we be like Christ.*
