Praises:

- We are thankful for having several more churches promise to begin supporting us.
- We praise God for continually meeting our needs and for the continued safety while traveling.
- Praise the Lord for a safe delivery of Kevin Paul.

Prayer Requests:

- Please, keep Mexico in your prayers due to the continued violence there.
- Please, pray for continued safety as we are traveling.
- We ask that you pray that, if the Lord is willing, we'll be able to raise the majority of our needed support in 2011.

As the world around us has turned green again, the flowers have begun to bloom, and the dreary winter is almost forgotten I have been reminded of what Jesus said in Matthew 6:30. "Wherefore, if God so clothe the grass of the field, which today is, and to morrow is cast into the oven, shall He not much more clothe you, O ye of little faith?"

It is a great comfort to know that God cares about even the smallest details of our lives. Look around you. He has even provided us a carpet of flowers that we often trample but rarely notice. With that thought in mind, how many small details of His provision do we dismiss as common or ignore altogether? I have been chal-

lenged to look a little closer at how many blessings have been daily bestowed on me.

A God that has today given us flowers underfoot and will soon give us streets of gold to walk on is truly worthy of all of our praise. Rather than looking at what we do not have and complaining, we should be looking at all the ways that we have been blessed though we are undeserving.

Johnson Oatman said, "Count your blessings, name them one by one, and it will surprise you what the Lord has done ... Count your many blessings, ev'ry doubt will fly ..."

I know for me personally to look at how the Lord has already provided for us, answered prayer, and blessed this year is a great source of strength. Please, know that you too have been a great encouragement to us through your prayer and support. All that you have done to help us is not forgotten, but is more of a blessing than you may ever know.

Family Fun: We are very thankful for the safe arrival of our fourth child. Kevin Paul was born on April 5, weighing in at 7lbs 3oz.

Did you know?

Goldman Sachs says that by 2050 Mexico will have the 5th largest economy in the world. In August of 2010 Mexico became the 9th largest holder of U.S. debt.
