Dear Pastors & Praying Friends,

Thank you for faithfully praying and supporting our family. We had a great year in 2008 and are excited to see what God is going to do in 2009. We now have been on deputation for one year and over that year we have seen God bless and protect us on this wonderful trip. Our family is having the time of our lives and even when the road is rough, God puts a church or an individual in our path that encourages and strengthens us for the rest of the trip.

We have a blessing to share with you; we have recently found out that the Fetter family is growing. It now includes four members, instead of three, because Megan is expecting. Her due date is July 20th, 2009 and we are very excited! Please pray that there will be no complications in Megan's pregnancy and that we are not on the road when she delivers. I don't think I would be able to handle that situation, but it could be a learning experience.

We also have a prayer request for the Marshall Islands and the people there. In December of 2008, they had some storms and according to the paper, some 600 people are without homes. The storms consisted of very large waves and surges combined with high tide. Many of the islands in the Marshalls are only a few feet above sea level, which means that it does not take much for the waves to destroy homes.

As of the end of December, we are now at 57% of our support. God has been opening up just the right doors and we are seeing Him bless month after month. Thank you for faithfulness. Please continue to pray that God would give us more opportunities, so that we can present the ministry of Micronesia in new churches. We are praying for you and your ministries and continue to make a stand in 2009.

Until He Comes,

Daniel, Megan, & Emily Fetter
