Dear Pastors & Praying Friends,

We have had a new addition to the Fetter family as of July 28th. Lauren Abigail Fetter was born weighing 6 pounds, 15 ounces and was 20 ½ inches long. There were no complications, but last week she had a temperature of 104.7 degrees and we had to take her to the ER. At first they thought it was just a urinary tract infection, but through a blood test, they found that the infection was also in her blood. She is doing well, but needs your prayers. Thank you for being faithful and praying for us. I don't know where we would be without your prayers.

Deputation is going well and our schedule is full until November. Coming up, we have meetings for twenty-five out of thirty days in Michigan, Ohio, California, and Texas. I am flying out to California for a little over a week, then will come home and drive to Texas. Please pray that God will protect us while we travel and that God could use us to be a blessing to the churches that are hosting us. We have been blessed by the churches that God has led us to, and pray that He will bless them for their faithful giving. It amazes me over and over again how God supplies our every need. Every time a need arises, God has placed a church or an individual in our path to help supply the need or even take care of it altogether. Isn't it wonderful serving a God Who can hear all our problems and take care of them?

We have seen our support go up over the last couple of months, and right now we are really close to being 80% supported. We have a couple of churches that will start supporting us in the next couple of months, and we are excited to see God bring in the last 20%. I have filled up most of January 2010 with meetings and we are looking at leaving toward the end of February or beginning of March. We will ask you to pray for those dates, because we want to leave in God's timing and not our own timing. God bless you - we are praying for you as well!

Until He Comes,

Daniel, Megan, Emily, & Lauren Fetter
