Micronesia

November/December 2010

Dear Pastors & Praying Friends,

Thank you so much for praying, because God has answered our prayers. Last month, we asked you to pray for a young man by the name of Logan. After one of our youth nights, Logan asked to know more about this Map, which leads to Heaven. During the last couple of months, he has been faithful to our services, and the Holy Spirit has been working. We were planning on talking with him the very next day, but he told us that he was not going to be like King Agrippa and almost be persuaded. As tears flowed, he accepted Christ as his personal Saviour, and now is burdened to reach his family. Praise the Lord for an answer to prayer and another soul on his way to Heaven.

On October 24, we were able to baptize two young men. Logan, and also Angelo, who has been saved since 2005, but never followed the Lord in believer's baptism. Right now, Chris is discipling both of these young men. One day while discipling Logan, his parents started asking Chris about baptism. Chris and I went back and spent almost two hours talking with Logan's parents, Linse and Maura Thoma. They both had previously accepted Christ, but desire to go through a discipleship course. Logan also has an aunt by the name of Seniorita, who has been coming to services. Please pray that she will see her need for salvation, and that God gives us the right opportunity to speak with her!

Last night, we had a kids' carnival at the church. We have lots of activities for people at the church, but sometimes overlook the children. We had about sixty children show up for the night, and we believe that all of them enjoyed themselves. We had a lesson time about obedience, lots of songs, and fun games that everybody enjoyed. To end the night, one of our Bible Institute students preached, and over a third of the kids raised their hands to talk with someone. Praise the Lord that many of these young people asked Christ to become their personal Saviour. Now, we have a lot of following up to do with these children, but continue to pray for the ones that were not quite ready yet.

We just want to thank you all for your faithful support and prayers. We are seeing God bless in Kosrae right now, but the devil is attacking as well. Continue to pray for these new believers, and also for the ones we are discipling. The devil would want nothing more than to discourage and destroy these young believers. Praise the Lord for all that He has done here, and because of your faithfulness, you too have a part in reaching these folks. Thank you, and we are praying for you and your ministry as well!

Until He Comes,
