WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

February-March 2002

100 Canaan Lane New Bern, NC 28562-3713 252-633-0328

missionaeroservices@coastalnet.com

Dear Co-Laborers in Christ,

A warm hello from Canaan Airbase in Jesus' wonderful name!

We are reminded by recent and current events that we do not have total control over our lives, but rather we have at best only limited control. Pastor Bill Wingard is preaching a rich series at church and on the radio from II Timothy 3 entitled "In the Last Days Perilous Times Shall Come." Truly, we are living in the last days and what we do for Christ we must do heartily and expediently.

NEWS: > Missionary Bryan Baggett will be here on April 1<sup>st</sup> for recurrent flight training, and will then depart with the Cessna 206 we have refurbished for the aviation ministry in Venezuela. > Missionary Mark Robertson, from the Northwest Territories of Canada will come in April with his Maule airplane for it's complete airframe repair, fabric recovering, and painting. > Our part time mechanic, Fred McClintock and his wife, Rene, will be going to Togo, West Africa in April to assist Missionary Randy Alderman with the annual inspection on his Cessna 206. > The fund raising for the PC-ATD flight simulator is going well, and I am pleased to report that we are over the 3/4 mark, and we know that the Lord is going to bring in the balance soon. It will be a great asset to our Instrument Flight Training program. > Our hangar "maintenance office" is now complete with handy storage space above.

PRAISES: > God's blessings during Calvary Baptist's recent missions conference here. Pastor/Missionary Johnny Daniels from Carolinas, Puerto Rico was our keynote speaker. Aviation Missionaries to the Caribbean...Oran Challenger and Dave Spangler were also here, and we had a most interesting and fruitful strategy meeting concerning the provision of the much needed air support for reaching the scattered islands of the Caribbean with the Gospel. > Our Lord's wonderful supply and protection as we work and minister here at Mission Aero.

PRAYER REQUESTS: > Please pray for the needed funds to come in for the Togo trip, and for the PC-ATD flight simulator. > Pray for open doors with two families for a six week Bible study. > Remainder of funds needed for the import duty to get the airplane into Venezuela. > Open doors for meetings and additional support for the Tore Mitchells. > The Lord's perfect will and direction for the Hunts, the Mitchells, the McClintocks, Josh Goodman, The Willifords, and any others that the Lord would have to share the outreach and work of Mission Aero.

Keep Looking Up!

Under HIS" Wings,

*Jack + Jonnie*
