Thanks for
All you folks
do for us!

January-February 2003

Dear Co-Laborers in Christ,

Greetings from Canaan Airbase in the wonderful name of our Lord!

"Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me, *Declaring the end from the beginning, and from ancient times the things that are not yet done*, saying, My counsel shall stand, and I will do all my pleasure..." Isaiah 46:9&10 It has been asked... "Did it ever occur to you that nothing ever occurs to God?" I had thought that I would have been very busy with at least a couple of Instrument Rating students at this time, but some things seemed to be unusually hindering their coming. There are at least three studying for the written exam prior to coming here for the flight training. On Christmas Day I came down with a serious case of kidney colic, and knew that the dormant 8mm kidney stone that I had been carrying for almost three years was on the move. I have been undergoing treatment including lithotripsy, which did little to help, and until last week had only about five good days since Christmas. I am doing well just now, but still carrying the "time-bomb". Someone asked if I had that stone *gold plated* yet, and I replied, "Absolutely not, I had much rather have it *Teflon coated!*"

News & Praises: > The Cessna 172 of Missionary Josh Olson has been returned to him after an engine overhaul and annual inspection. > Missionary Mark Robertson's Maule aircraft is in the hangar undergoing an annual and some engine cylinder top overhaul. We also have his Cessna 180 here now. It was purchased in a wrecked condition in Florida, dismantled, and trucked up here. We will be overhauling the engine, and "farming out" some of the major landing gear and fuselage repair. It will then replace the smaller Maule airplane in Yellowknife, Northwest Territories, in far northern Canada, and will be a great blessing to the work there. > A tremendous blessing of revival at Calvary Baptist here from the middle of February with the Hal & Barry Webb Team... 28 baptized in the last three services. The Lord is still very able to work when we pray, invite, and bring!

Pray for: > Fruitful soul winning and open doors for Bible studies. > Provision of funds and labor for a number of airfield facility needs such as septic system, runway extension, runway lights repair, and road improvement. The Lord is working! > The passing or removal of that kidney stone and return to flying status, and the ability to resume Instrument flight training here. What a blessing the flight simulator has been, and will especially be in the days ahead! Thanks again to all that made it possible! > God's perfect timing for our two part time aircraft mechanics, Josh Goodman and Fred McClintock as they pray and consider coming on board full time. They have some medical bills and school debts that need to be retired. > God's blessings and power on upcoming missions conferences! > Our granddaughter Ashley as she is planning to go on a summer missions team to Costa Rica. > Meetings to present ministry for the Mitchells and Hunts.

Under HIS' Wings,

Jack + Jonnie
