WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

Dear Co-Laborers in Christ,

APR-JUN 2016  
missionaero7@gmail.com

Greetings from New Bern, NC in the wonderful name of our soon coming Lord and Savior, Jesus Christ! What a blessing to know Him, to serve Him, and to look for Him. 'For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord. **Wherefore comfort one another with these words.**' 1Th 4:16-18 Yes, It could happen before I finish this prayer letter to you dear folks. I don't believe that any follower of Christ would hesitate to acknowledge that we are living in the 'last days'... as it was in the days of Noah. We must guard our lives and our testimony, and be busy for our Lord, even as our beloved country continues to grow darker; and "night cometh when no man can work..."

We are busy with aircraft maintenance here at Canaan Airbase, and have accomplished three inspections in the last three months. We are presently finishing the annual on Bro. Dave Crispell's airplane, have another in July, and I am hoping and praying that I will have some time to work on the restoration of my 'ole Cessna 172 soon'. Summertime is also labor intensive in airport maintenance with tractors, bush-hogs, the finish mower, trimmers, blowers, etc, not to mention the mowing and bush-hogging. Would you believe that on a quiet evening you can walk out on the airfield and hear the grass growing?

Bro Jeffery Ebron & Bro Jack

Bro Ron Grubb helping mow airfield

> Concerning flight training, I just soloed Bro Jeffery Ebron on June 13<sup>th</sup>. He is  
>>> OVER PLEASE <<<

the son of Dwayne Ebron, manager of FBN, the Fundamental Broadcasting Network (fbnradio.com, try it). He sure was a happy young man. > I am also doing some recurrent Instrument training with Bro. Seth Canady. Instrument flying requires skill that can grow stale without regular use. We all have to keep up the experience by regulation.

> It was our privilege to have two dear friends and distinguished visitors in May & June. Dr. Bob Green, BIMI came and spent a week with us here at Mission Aero, preached all day Sunday, and we just had a great time of fellowship. We also accomplished his Flight Review that week, and we will be blessed to be together for a Mission Emphasis Sunday soon. > Next, Bro. Terry Rushing, Wings As Eagles Ministry in Oshkosh, WI flew in for a Wednesday night service with us here at Calvary Baptist. He had to 'scat' early the next morning, but it was great to see him. We will be with him in Oshkosh the end of July for our annual trek for the 'Meeting in the Air' and the WAE Flight camp.

> Well, I am happy to report that the Lord is working on the need of co-laborers here at Mission Aero. A missionary pilot friend is home on family medical furlough, and he is an experienced Aircraft Mechanic (A&P) and Aircraft Inspector (IA) as well. He has decided to locate his family in the area here and will be assisting the ministry of Mission Aero. We are very pleased the Lord led him this way. > Bro Ron Grubb, our song leader here at Calvary Baptist is now helping with airfield grass cutting. Thank you for praying with us for co-laborers, and please continue to do so.

**PRAYER REQUESTS:** > Please continue to pray for our lost neighbors and business acquaintances and for our effective witness to them. > Please also remember to pray that the Lord will provide a camper or motor home to place on the airport for housing for some of our students planning to come for training. It could be for as short as a couple of months, or as long as till Jesus comes, or somewhere in between. > Again, we ask you to pray for revival in all of our churches; as we so desperately need a fresh vision of God and his plan for all of us in these perilous times. > We must be in fervent prayer for our nation... Washington cannot come up with the answer; only God Can! In this upcoming election we must vote for the candidate that is closest to our convictions and standards, our liberty is at stake.  
The outlook for America has not been darker, nor the uplook brighter!

**KEEP LOOKING UP! WITNESS TO SOMEONE TODAY!**

Under HIS' Wings,

The Hunts
