WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

Dear Co-Laborers in Christ,

August - October 2017

"For, lo, the wicked bend their bow, they make ready their arrow upon the string, that they may privily shoot at the upright in heart. If the foundations be destroyed, what can the righteous do?" Psalm 11:2-3 "And if a kingdom be divided against itself, that kingdom cannot stand." Mark 3:24

I truly believe that we are seeing the enemies of these United States fully bent on destroying the foundations and heritage of our precious country! I also feel that the enemies offshore are not as dangerous to us as the socialist, progressive, atheistic poison that fills and divides our land. The trashing of our Founding Fathers, the Constitution, our History, and the Christian Heritage that we have had and enjoyed for over two centuries is their goal. They are close... We have allowed them to take control of our media, our schools and colleges, our mainline denominations, and the training of our youth. If God does not intervene and cause our present elected officials to turn things around we are done! It just might already be too late... so we should be in much prayer for our beloved country, seeking our Lord's face, and winning souls to Christ! Keep Looking Up!

NEWS: This has been a very busy summer... > WAE Flight Camp has been a great blessing again... we had our largest group of young men... eighteen to be exact. Aviation is on the back page, as the Lord's will and their relationship with Him is front page, and by the end of that week we see changes, spiritual growth and see them develop a team spirit. The fellows give attention in classes, chapel, preaching, and show a genuine interest in seeking the Lord's will for their lives. Just found out that one of our flight campers, Nathaniel Minion, from a few years back that attended Ambassador Baptist College is serving as an assistant pastor at Happy Valley Baptist, a mission church in Labrador, Canada. > We have repaired one airplane that had a minor engine fire on start-up, that required a trusty fire extinguisher. This is the airplane that carries Evangelist Byron Foxx to meetings. He was not on board thankfully. > In a recent missions conference in Maryland during Childrens Church we had three young people accept Christ. I had preached on Zacchaeus and after the service Jonnie & I dealt carefully with two brothers and their sister. Praise the Lord, what a blessing! > Bro Earl Malpass and I finished up an annual inspection on an aircraft of Missionary Dave Crispell and he flew it out on Wednesday October 18th. It is really a great help having Bro Earl here. I just received a text from Bro Crispell stating "PTL! Runs

and flies great & looks better than i've seen it in a long time even with old paint. Thx much! Love & Prayers, Dave & Pat. > Bro Jimmy Rouse is still helping a good deal with airfield upkeep, and maintaining the equipment and is attending Airframe & Powerplant Mechanic classes at Craven Community College.

PRAYER REQUESTS > Please pray that the Lord will send us the man of His choosing... one that God could some year be used to assume the leadership of Mission Aero. We must depend on God's choosing as this is His ministry. > Please continue to pray for our neighbors and friends... for Brad and Elaine, for Bill and Rosie, for Bob and Alana, for Frank and Carol, Gary and Kay, and for John and Beth. for their salvation... and for other neighbors, family and business acquaintances as well. > Please pray for our little Great Grand Daughter Mollie Hale, age 2 1/2... She has been diagnosed with Gastro-Paresis. She has had trouble digesting food, has had high fever, and is loosing weight, was throwing up undigested and digested food, and diarrhea. She is some better now and is taking her last dose of a powerful adult medicine that was downsized by a pharmacist for her. This is serious, but we have placed her in the Lord's care... the Great Physician's hands... and we are trusting in Him for a full recovery!

KEEP LOOKING UP! PRAY FOR SOULS TODAY!

Under HIS' Wings,

Jail + Donnie
