June 2012

Dear Friends,

Thank you for your prayers and financial support. In May, we marked 47 years together, and those all in good health; until the end of March.

Laura suffered several heart-attacks, which took her into hospital four times.

The doctors were not able to determine the cause, but suppose a clot.

At that rate, she is left with thirty per cent heart function.

During May, I was able to find a lady to play the piano for two Sundays. Laura able now to play for Sunday Morning. This month I have booked two services at a nursing home where is a lady who plays the piano.

Laura is staying on the upper floor. I have moved a fridge up, and some chairs where folk may visit. I had not done much cooking or baking since we have been together, but I now make all the meals and bring them to Laura. I made three pies yesterday; rhubarb, blueberry and raisin cream.

Please pray for Nancy. She was hit by a car when crossing the street in her wheel-chair. Her leg is broken in two places. She has been in a great deal of pain.

Do pray for Laura, that she will gain health and strength, to be back to her old jobs. You can imagine that this situation takes a lot of time, but we want to continue on.

Laura went from taking no drugs, to taking seven or eight. How the Lord provides!

Phank you again for your prayers.

yours in Christ,

*Gerald-Laura
