Dear Friends,

We thank God that He has brought us into another year, allowing us to serve Him longer. The Lord has wonderfully enabled Laura to make a come-back. Last Spring she had two heart attacks, and was confined mostly to one room. Now, she is coming down to the kitchen and making her own meals. In the Fall, she started back to one Nursing Home, then before Christmas, back to another; and at the end of this month, she plans to go to another. However, the last while, she is not as strong. She needs more prayer.

Being down in these clinics, has given opportunity to talk with folk in bad shape. One Saturday night, we were in Emergency. One asked what my sermon was for next day. I was able to give an outline right there in the hall where there were folk lined up on beds.

Nacy is also doing well after her accident. She needed therapy to both body and mind. She says she could return to Sunday service if she had one to come with her on the special bus.

Catherine has been in hospital, but is back to church after quite a while. Please pray as she waits on reports.

It seems to be the story, so many out with sickness. So many missing at the meetings, but then some will bring a visitor, and sometimes several. One of the men who drives for us, has been out several times.

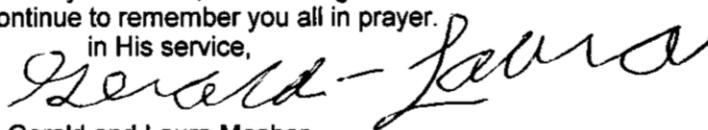

Many thanks for the continued financial support, and remembering us in your prayers.

As we look for THAT BLESSED HOPE, we want to see more souls saved.

Thank you for your letters, cards and gifts.

We continue to remember you all in prayer.

in His service,

Gerald and Laura Mosher
