

## Second Quarter, 2013

Dear Praying Friend,

Thank you for your prayers during the survey trip to the Solomon Islands and visit to Australia in May. The Lord truly blessed during this trip. Brother Michael Deatruck, a student from Ambassador Baptist College, knew God touched his heart about the Solomon Islands. He wanted to take a survey trip to confirm this calling and gather the necessary facts about ministry opportunities and discover what it would take to serve as a missionary. God opened the doors for him at every turn. We even met with the Island's Premiere and his assistant. *(Pictured to the right)* Brother Deatruck will return to the island to serve after he completes his deputation. We rejoice in this. I am grateful to the churches who gave so I could make this trip with him.

I used the time on that side of the world to visit Missionary Kelly Gilliam. What a blessing to see his ministry and spend time with his family in Townsville, Queensland. Pictured to the right, Brother Gilliam is baptizing a mother and son, from the Solomon Islands.

During June I took part in helping arrange World Wide New Testament Baptist Missions' Family Fellowship Week. What a truly special time of renewal and refreshing it was for our missions family.

Personally speaking, our family is well. We are grateful for your investments as we seek to preach the Gospel, reach the lost, convey a burden for missions, and assist missionaries.

Serving Him,

John O'Malley
