

July-October

Dear Praying Friend,

The Lord blessed this summer with a wonderful time at our home church and with World Wide New Testament Baptist Missions' Family Fellowship Week. Our church hosted the largest gathering in the history of our annual meeting. We will never forget the special time of renewing of our spirit, reuniting with our missionaries, and remembering the lives of those who once served with our missions' agency and have joined the great cloud of witnesses. You can view the video I made for this moment of remembrance. <http://vimeo.com/98918005>

In July, one of our missionaries lost their visas and passports. Several on our staff worked tirelessly to help them reapply. I went to Washington DC to help with the process. The Lord worked several miracles and the passports were reissued in record time. Thank you to those who prayed.

A small part of our ministry is to assist churches reach their missions giving goals. I visited eight churches in four states. These churches committed to give over \$500,000.00 to missions in the next years.

Our ministry is to serve churches, prospective, and currently serving missionaries. These past months have provided opportunities to encourage and equip missionaries to face their challenges. When you pray for us to have effective ministry you enable us to help those engaged in the battle for souls. Thank you for praying.

Last month, the Lord let me meet this young man. He surrendered to the call to the ministry. Please pray for him. His name is Isaiah.

One of our staff members, Jaimie Dillon, received a diagnosis of Pulmonary Arterial Hypertension. She is 24 years old. Pray for God's help for her and her husband, Billy.

Serving Him,

John O'Malley
