AUGUST NEWSLETTER - 2011

Dear Pastors & Prayer Partners,

July was a busy and blessed month! God continues to provide opportunities for us to present our ministry for West Africa. Also, Brother Feghaly has been quite busy in the Middle East and Northeast Africa this past month meeting with Pastors and purchasing property to build churches.

Deputation

We have had the privilege of presenting our ministry and preaching God's Word in some wonderful churches. We were blessed to see a young couple come to accept Christ as their Savior during a Wednesday evening service. We presented our ministry and preached at the Central Baptist Church in New Port Richey. This is a new church plant under the leadership of Pastor Frank Lawson. Bro. Lawson has started several churches through the years. This church is excited about missions and has already voted to partner with us. PTL! Pray for them as they reach a very growing community in New Port Richey. We have several missions conferences scheduled for this fall and the first of next year; however, we still have many dates open and would enjoy coming to your church.

West Africa Bible College

One aspect of our ministry is to educate and train nationals to start and pastor churches in the villages of West Africa. God has answered our prayers and meant a great need through *Global Baptist College* (globalbaptistcollege.org). Global Baptist College shares the same passion that we have to train nationals and plant Baptist churches with national pastors. They are excited about assisting us in every way possible to accomplish our goal of providing a full Bible College curriculum to Liberia, Togo, and Ghana.

West Africa

I have received several phone calls and emails from the pastors in West Africa wanting to know when I will be returning. They are anxious to start their training and discuss areas of church planting. I am planning to make a trip the first of December to meet with them and discuss these important issues.

Prayer Requests

Pray that we can continue to schedule meetings and see churches partner with us; Pray for the difficult situations in the Middle East and Africa; Pray for guidance and direction as we work to establish and equip local churches through national pastors in West Africa; and pray that we can be a blessing and encouragement as we have the opportunity to share our ministry and preach in churches.

1 Cor. 15:58

His Servants,

Rick & Brenda Osborn

Establishing and Equipping Local Churches through National Pastors
