Dear Partners in the Ministry,

Greetings to all in the name of the Lord. We trust that you are well and serving the Savior. Thank you for praying for us and for the ministry here. It is a blessing to know that you are with us in service.

The Bible Institute here has begun again, and Nucker is enrolled for another semester. The place where they are holding the class has changed, and he now has to drive for quite a distance. Please pray that God will provide him with the funds necessary to buy fuel. (Gasoline here is \$5.10 a gallon.) Also, pray for him to do well in his studies.

We are in the process of finishing some of the projects we set out to do while we are here, and hope to have it all completed by the end of the year. We do have an additional project, though. We had a water line break in the kitchen during the night, and because we had the fans running, we did not hear the water right away. Our whole kitchen was flooded. We now have to take up the floor tile and replace it. Fortunately, there was some building insurance, and that has paid for the cost of the materials.

Recently, there have been some computer problems in the station, but we are working through them. The Lord has kept the station on air through them all, so we are thankful for that. Continue to pray that we will have no further problems there.

Calvary Christian Academy asked me to build a rolling gate for them, and I am now working on it. We still have to complete the welding on the gate and pour the concrete. There are several men from the church that have been helping with this project, and I am thankful for them and their willingness to serve.

Thank you for the cards and emails we have received. They are always an encouragement.

Praises: Receipt of some funds for our tickets home. We still need about \$800.00, and need to purchase them soon.

Please remember these prayer requests:

1. Bible Institute students
2. Amy and Kate to be saved
3. Health and Safety
4. V6AF Radio
5. Computer Fund
6. Return Air Fare

In His Service,
