January 2013

Dear Praying Friends,

Thank you all for your prayers and faithful support throughout our ministry. We appreciate you all very much. As we begin this New Year, I am reminded of how far we have come. Ten years ago this month, we began our deputation. Since then, we have been in more churches than I can count and lived in several foreign countries. The Lord is so good in allowing us to serve Him.

We are making some changes in our ministry that we believe will allow us to serve even more. Our next field of service will be a new church plant on the island of Nukuoro. This will require more support to become a reality. We are in the process of seeking that now. Please keep praying that God will supply new churches to support our ministry. We will be working with a couple from the island of Nukuoro. We hope to have the additional support raised and be on our way in 2014.

We told you in our last letter that we had another contract on our house. This contract fell through at the last minute. We have prayed much about this matter and have decided to keep the house. The Lord has shut the door every time, so we think that it is His will for us to keep our home for now. We do not get to be in it much, but God knows that as well.

The trip that we wanted to take to the Dominican Republic seems to be on hold also. We will continue to be in contact with that missionary though, in case things change there.

We are planning to work in a couple of churches that need some building done over the next few months. Pray that we will have safety and wisdom during these projects.

We have several prayer requests and ask that you please remember them.

- 1) Salvation for Anna, Amy, James, Mike, J.L., and Marie
- 2) Needed support for the Nukuoro, Micronesia work
- 3) Health and safety
- 4) Unspoken

Thank you for praying. It means so much to us.
Jack & Melinda
