WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

June 2019

Dear Pastor,

Darleen and I have finally moved into our Airstream full time, and we are loving it. We had no trouble renting our house out to a family that is working with our son. We just returned from Family Fellowship Week with World Wide New Testament Baptist Missions, and it was a wonderful time. Pastor Chad Estep and the Valley Baptist Church rolled out the red carpet for the missions family, and we had a refreshing time together.

Immediately after the conference, we made a dash to Maine for the graduation from high school of two of our grandchildren, Bobby and Emily Mitchell. It was a joy to share this milestone with them.

Today we are making our way west. For the next two months, we will be in Montana, Utah, California, and Idaho. We will be towing our trailer and looking forward to a couple of weeks of time off in Montana. Then we will visit church planters in three other places out west. Later in August, we will preach a missions conference in Idaho before heading back East to continue with our schedule.

We are so thankful that our gracious Lord has given us the health to continue in His service. Please pray with us that we can keep the schedule ahead of us and accomplish the things He would have us do. Also, pray with us that we might see souls saved and others called to serve the Lord in regions beyond.

Thank you so much for your faithful support of our family and ministry.

In His Service,
Danny A. Whetstone
